.SE in brief

Independent non-profit organization with two areas of operation:

- Responsible for the Swedish top-level domain .se (and .nu since September, 2013)

- Promoting a positive development of the internet in Sweden through several initiatives
Charter of foundation, August 26, 1997

"The foundation’s purpose is to promote positive stability in the internet infrastructure in Sweden and to promote research, training and education in data and telecommunication, with a specific focus on the internet.

The Foundation shall particularly promote the development of the handling of domain names under the top-level domain “.se” and other national domains pertaining to Sweden.”
History in brief

- Björn Eriksen administered the national top-level domain .se 1986-1997.
- In 1997 ISOC-SE founds .SE for taking over the administration of .se.
- 2003 first come-first served and ADR introduced.
- Registry-Registrar model introduced in 2009.
- On September 2, 2013, .SE took over management and the technical operations of .nu.
- In 2013 .SE received the assignment from ICANN to work as a technical test organization for the new TLDs.
Regulations

- Top Level Domain Act, 2006
- National Post & Telecom Agency (PTS) is the supervisory authority
- Charter of Foundation, August 26, 1997
- Exchange of letters with ICANN
